THOMAS BRINKMANN live www.max-ernst.de

Alongside Mike Ink, the Basic Channel collective and Pole, Thomas Brinkmann is one of the leaders in the ongoing German-born study of isolationist dub-inspired techno. Though he's been famed for productions on his own, as Max, Ernst, Soul Center, W.v.B. and Max Ernst labels, Brinkmann gained a name in the experimental and techno community for his remixes (or as he terms them, „variations“) of material by Richie Hawtin, Mike Ink, Depeche Mode, Akufen etc. With one of his impressive live sets he will present his brand new and 13th(!) album “Lucky Hands” recently out on his own label Max Ernst.

PHIL STUMPF dj www.phil-stumpf.com

Born in 1973 in Germany, the Parisian-by-choice Phil Stumpf is known for the legendary party series “Minimal Dancin” at the Nouveau Casino in Paris which he started in 2001 with his french partner Sam Rouanet with whom he forms the live duo Duplex 100. He also hosts two other resident nights in Paris at the Triptyque and the Batofar. Additionally he helps organize the german music festival in Paris, the “Festival Music-Allemand”. Musically his music and DJ sets impress with uncompromising clarity and a passionate funk attitude while never ignoring the “less is more”-principle. Anyone who loves funk and adores minimal house will feel just right.

TOZÉ DIOGO dj www.tozediogo.com

The portugese DJ Tozé Diogo is known for his musical eclecticism, the constant search for groove and funk and last not least a special interest in german minimal house. As part of the “Full Metal Funk” dj project he will deliver a perfect warm-up mix.
